**End Users :** Laboratory staff

**Client Refs :** WL09/224

**Shipped From :** All Countries

Description of Items	Supplier	Quantity	Measure
1 kg honey/honey products including pollen, honeycomb, bees wax, royal jelly, propolis		Unlimited	Units
133-CF Johne's complement fixation antigen		Unlimited	Units
133-N Johne's complement fixation negative serum		Unlimited	Units
133-P Johne's complement fixation positive serum		Unlimited	Units
2 kg wool samples		Unlimited	Units
2 pages vet stamped 0153	Biosystems	Unlimited	Units
Antibody preparation from ovine, bovine, cervine, caprine and porcine.		Unlimited	Units
Any meat samples that comply with Import Health Standard MEASAMIC.SPE		Unlimited	Units
Bovine & porcine meat samples for chemical analysis	Malaysian Dept of Veterinary Services	Unlimited	Units

Description of Items	Supplier	Quantity	Measure
Cattle muscle, kidney and liver samples for residue testing only	Citizens Alliance	Unlimited	Units
Checkmeat -2 pages vet stamped 0153		Unlimited	Units
Dairy samples		Unlimited	Units
Dead fresh water snails in formalin		Unlimited	Units
Dead marine fish samples		Unlimited	Units
Dead shellfish and marine organisms		Unlimited	Units
Egg and egg products including egg powder and instant meal products		Unlimited	Units
Fish food samples		Unlimited	Units
Fish oil		Unlimited	Units
Frozen fish, crustacea, shell-fish		Unlimited	Units
Frozen, non-viable animal specimens		Unlimited	Units
Human & animal effluent		Unlimited	Units
Inactivated test kits for: bovine viral diarrhoea, Brucellosis (bovine, ovine), caprine arthritis encephalitis, enzootic bovine leucosis, infectious bovine rhinotracheitis, Johne's disease (bovine, ovine, cervine, caprine, camelid), malignant catarrhal fever		Unlimited	Units
Irradiated porcine blood, human urine and bovine serum		Unlimited	Units
Johne's Disease Antigen		Unlimited	Units
Meat for chemical analysis	China, Japan, Argentina, Hong Kong	Unlimited	Units
Milk & dairy products (see standard)		Unlimited	Units
Muscle, liver, kidney, fat, blood, plasma, faeces and urine samples from ovine, bovine, cervine, caprine, murine,sciurine, equine, poultry, ratite, possum, kangaroo and porcine animals.		Unlimited	Units
Pig liver and muscle for chemical analysis from Hawaii.		Unlimited	Units
Rabbit tissue		Unlimited	Units
Salmon samples (less than 10 kgs)		Unlimited	Units
Schedule for permit to import test reagents, immunoglobulins, QC testing sera - 1 page vet stamped 0153 (26/01/2006)		Unlimited	Units
Whole bird eggs for analysis only (hatching eggs ie, eggs that require incubation are not permitted)		Unlimited	Units

**Import Health Standard**

MEASAMIC.SPE, 21 Oct 2004, MEA - Meat and Meat By-Products Samples from Specified Countries  
DAISAMIC.ALL, 11 May 2004, DAI - Dairy Product Samples for Evaluation  
FIBTESIC.ALL, 26 Jun 2001, FIB - Importation of animal fibre for testing from all countries

**Post Entry Type :** Transitional Fac**Standard Reference :** 154.02.17 (Standard - Transitional Facilities for Biological Products)

**Transitional Facility :** AsureQuality Limited - Wellington  
Laboratory  
PO Box 31242  
Lower Hutt 5040  
1C Quadrant Drive, Gracefield,  
Lower Hutt

**Operator :** Charlene Gerber  
**Inspector :** Angela Kidd

**Ref :** 371**Special Conditions :**

This facility (ref 371) is to be inspected by a MAF Biosecurity Officer every 3 months for the first year.

Product must be imported into the above transitional facility operating to MAF Standard 154.02.17 (Transitional Facilities Biological Products)

**IMPORTANT INFORMATION FOR PERMIT HOLDERS AND AGENTS**

- 1 This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not guarantee that the goods you import will be given a biosecurity clearance. There are other restrictions in the Biosecurity Act 1993 which apply to the giving of biosecurity clearance.
- 2 You need to ensure that the goods you import comply with the provisions of the specific import health standard(s) and/or entry conditions. The import health standard may be amended during the course of your permit. Import Management will notify you of any significant changes to the import health standard and will re-issue the permit to accommodate these changes.
- 3 There are a number of other provisions in the Biosecurity Act 1993 which may affect you. If you commit an offence against the Biosecurity Act 1993, heavy penalties under section 157 of the Act might apply.
- 4 Apart from the Biosecurity Act 1993, there are other laws relating to or prohibiting the importation of goods. This permit, and compliance with the provisions of the specific import health standard(s) and/or entry conditions, does not absolve you of the need to comply with these laws.
- 5 Unless specifically identified in 'Description of Items' or 'Special Conditions' of the permit, NO new organisms, including genetically modified organisms, are permitted entry under this permit.
- 6 All cultures must be:
  - clearly labelled with the scientific strain and name
  - consigned in leakproof packaging
  - free from contaminants
- 7 All new organisms must not be opened until received by the nominated containment facility.
