

GLOBAL STANDARD FOR FOOD SAFETY INTRODUCTORY

■ ■ ■

This course is designed for people who want to gain an understanding of the Global Standard for Food Safety and how audits are conducted. Topics covered include the background of the Standard, the Standard’s requirements, and the certification process. Attendees are also presented with real world case studies for discussion.

KEY BENEFITS

- › Gain an in-depth and practical understanding of the Standard’s requirements
- › Understand how certificated evaluations against the Standard operate and are conducted.
- › Formally develop and implement a documented system to comply with the Standard’s requirements.

WHO SHOULD ATTEND

- › System Auditors, Developers and Users
- › Technical and Quality Managers
- › Food Sector Consultants
- › Certification Auditors
- › Inspectors
- › Importers/Agents
